The Pastel Art

COSMO
SERIES

Cosmo Series is a refined collection of 14 pastel shades, featuring a posh, ultra-smooth surface that brings elegance and a soft luxurious touch to any space.

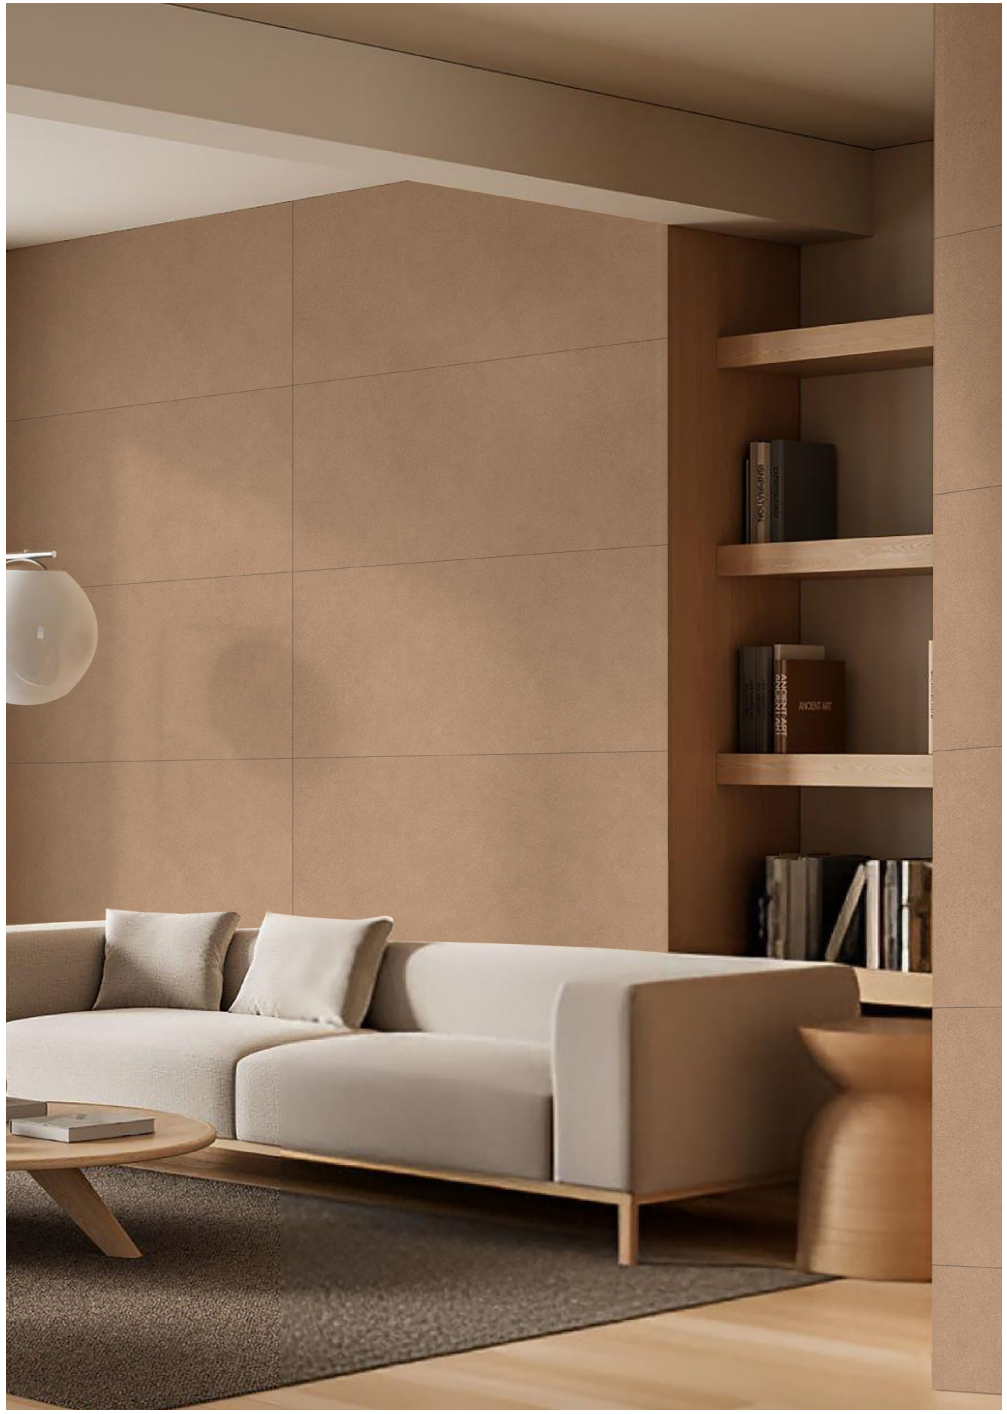

COSMO
SERIES

The essence of tranquility,
etched in tile

The COSMO Series redefines modern surfaces by blending the structural integrity of high-quality tiles with the delicate charm of a pastel palette. Designed to evoke a sense of calm and airy sophistication, these tiles transform ordinary rooms into luminous sanctuaries of soft color and light.

The collection offers a versatile aesthetic that bridges the gap between playful creativity and minimalist elegance, making it an ideal choice for forward-thinking interiors. With its smooth finish and curated hues, the series provides a timeless foundation for spaces that prioritize both style and tranquility.

where delicate pastel shades breathe light and life into every corner. These tiles blend minimalist charm with a touch of modern luxury, creating a serene sanctuary in any space.

14 PURE & EXPRESSIVE COLOUR

A curated palette of 14 shades, bridging the gap between subtle neutrals and bold, expressive pigments. These ceramic surfaces transcend utility, evolving into a dynamic canvas for architectural storytelling.

Explore a spectrum of 14 colors crafted for depth and resonance. From soft, muted foundations to vibrant accent tones, each surface is engineered to bring a tactile, living energy to contemporary interiors

PALETTE, PATTERN AND PRESENCE: DEFINING THE CALM INTERIOR.

Subtle shades with a natural, light-reflecting quality create a perfect balance when combined with delicate surface details and subtle relief patterns. The collection enhances the quiet elegance of architectural environments, bringing a timeless and cohesive materiality to the forefront.

The COSMO Series represents a curated approach to modern surfaces, where soft pastel tones meet a sophisticated, velvety finish. These tiles are designed to capture and diffuse light, creating a sense of weightless elegance that transforms any room into a serene, open sanctuary.

By balancing subtle pigments with a high-definition surface, the collection offers a timeless foundation that feels both contemporary and deeply comforting.

ESSENTIAL COMPONENTS FOR ARCHITECTURAL SPACES.

A curated selection of pastel hues with a soft, matte presence that pairs seamlessly with minimalist surfaces and modern geometric textures. This collection introduces a sophisticated visual depth, accentuating the tactile quality and refined character of every tile.

This series introduces a new dimension of materiality, where the "soft-touch" feel is as important as the visual appeal. When paired with the collection's unique relief structures and delicate geometric punches, these tiles create a rhythmic interplay of shadow and color.

It is a complete design system for architects and homeowners who seek to blend minimalist tranquility with the tactile richness of premium Italian-inspired surfaces.
