Woodcraft
COLLECTION

A Timeless Craftsmanship

600x1200mm

Woodcraft
COLLECTION

Rich wooden tones, refined decorative patterns, and realistic detailing create floors and feature areas with depth and individuality. Designed for modern interiors, Woodcraft delivers the inviting appeal of timber with the strength, easy maintenance, and lasting performance of vitrified tiles.

Woodcraft
COLLECTION

We believes to deliver best quality

Woodcraft Collection blends refined design, advanced technology. and exceptional craftsmanship to create ceramic surfaces that elevate contemporary living.

Inspired by Italian style and made with the finest raw materials, our collections offer the perfect balance of aesthetics, performance, and versatility. From natural textures to elegant finishes, each surface is designed to transform spaces with timeless character and enduring quality.

At Woodcraft Collection, we believe that innovation and responsibility go hand in hand. Our production processes respect people and the environment, ensuring sustainable choices and the highest standards. Made in Italy, designed for the world-this is our promise of style, reliability, and excellence.

It’s for You
Make your home feel like you.
Every home tells a story. Like a blank canvas, it's the perfect place to express who you are. A place that reflects your essence, your style, your experiences. As the creator and author of your best version, We empowers you to shape spaces that echo your individuality.

Crafted Like Wood. Engineered to Last.

Woodcraft
COLLECTION

Inspired by the warmth and character of natural wood, the Woodcraft Collection brings craftsmanship, texture, and contemporary design together in a durable surface.

We care about the planet. *Just like you.*

For us, sustainability is more than a goal. It's a principle.

Aligned with the essence of our time, nature, and humanity, we hold a steadfast commitment to our planet's well-being. We invest in sustainable and safety-oriented initiatives across our end-to-end product lifecycle. From the selection of materials to manufacturing and end use, we take responsibility for promoting practices that lead to change in our market towards a greener future. It's a core commitment that extends throughout our entire network of valued business partners.

Up to 40% **recycled materials** in our Mineral surfaces

No more than 40% **crystalline silica** in our entire portfolio by 2026

100% **renewable electricity** by 2026

20% decrease in **carbon footprint** by 2025

100% **recycled water**, zero discharge

Zero landfill **waste** by 2030
