Why Choose
Laveno Surface?

We don't just manufacture tiles; we provide the foundation for your design vision. Our manufacturing process focuses on sustainable practices and meticulous quality control, ensuring that Laveno Surface remains a trusted name for architects, interior designers, and homeowners seeking world-class tiling solutions.

WHERE DESIGN MEETS
SURFACE INTELLIGENCE

The 600x1200mm dimensions provide an expansive surface area, significantly reducing visible grout lines. This creates a continuous, high-end look that makes even small rooms appear larger and more luxurious.

Each tile is machine-cut with extreme accuracy. This allows for ultra-fine joints during installation, ensuring a perfectly flat and level surface across your entire floor or wall.

Our tiles are fired at high temperatures to achieve maximum density, making them highly resistant to heavy foot traffic and impact—ideal for both residential living rooms and commercial showrooms.

Product **Features :**

- LIQUID REPELLENT
- FROST RESISTANT
- SCRATCH RESISTANT
- RESISTANT TO UV RAYS
- STAIN RESISTANT
- IMPACT RESISTANT
- FIRE RESISTANT

SCRATCH RESISTANCE

When it comes to everyday living, surfaces go through more than we realize — moving furniture, high footfall, playful kids, and constant cleaning. That's where scratch resistance tiles make the real difference.

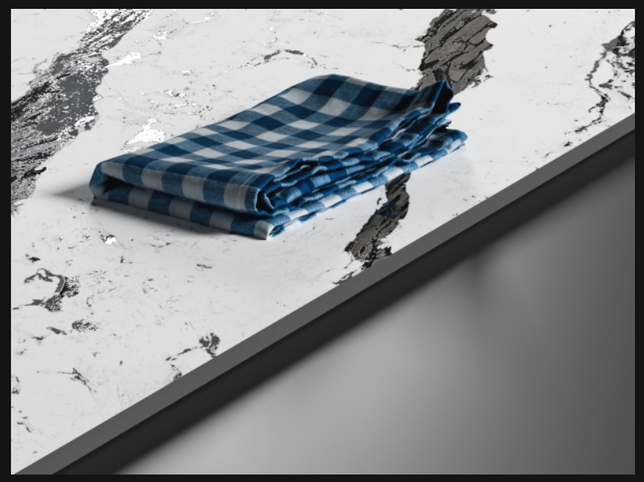

EXCEPTIONAL DURABILITY

Crafted with advanced manufacturing technology and high-density composition, our tiles are built to withstand heavy foot traffic, daily wear, moisture, and impact without losing their strength or finish.

CLEAR DESIGN, ZERO REFLECTION

Where beauty meets absolute balance. These tiles are crafted to deliver a flawless matte surface that eliminates unwanted glare, allowing textures, tones, and patterns to speak with quiet sophistication.

EFFORTLESSLY EASY TO CLEAN & MAINTAIN

Crafted for durability and designed for convenience, these tiles offer effortless cleaning and low-maintenance performance.

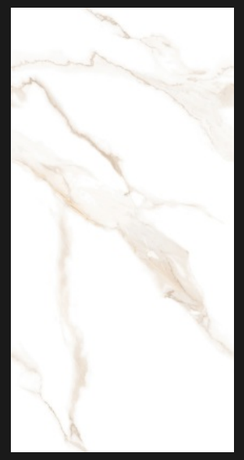

APPLICATION **AREA**

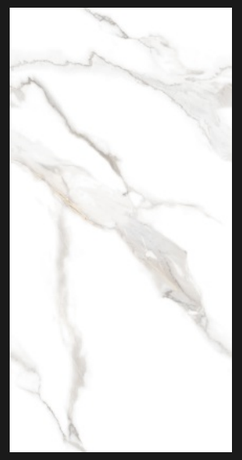

Versatility in Every Vein. **Luxury in Every Corner.**

The 600x1200mm format is considered the "golden ratio" of modern architecture. Its rectangular shape and textured carving finish make it suitable for a wide range of high-end interior and exterior applications. Create a seamless, expansive floor that mimics natural stone. The carving texture adds a subtle depth that catches the light, making the room feel luxurious. Use these tiles as a "stone wallpaper" for TV units or bed backdrops. The 1200mm height covers significant vertical space with fewer joints. Ideal for both flooring and large-format backsplashes. Their resistance to heat and stains makes them as practical as they are beautiful. The textured carving finish provides better slip resistance than high-gloss tiles, making them a safer yet stylish choice for wet areas.
